

Healthier Texas Enters New Chapter with Appointment of Interim CEO

A Message from Interim CEO, Lonnicia Maxwell –

I'm honored to share that I am stepping into the role of Interim CEO at Healthier Texas.

Healthier Texas exists to create a meaningful, lasting impact and that mission doesn't change. What does evolve is how we continue to deliver on it. Same mission. Different journey.

I want to start with gratitude. To the partners, funders, and community leaders who have worked alongside us, thank you. Your trust and collaboration have shaped this work in meaningful ways. And to our Board of Directors, thank you for your continued leadership and stewardship during this important transition.

Our priorities right now are straightforward: strengthen our foundation, sharpen our focus, and ensure our work is aligned for long-term sustainability and impact.

As part of that work, we are navigating changes in the funding landscape. While this shift requires adjustment, it also creates an opportunity to strengthen and diversify how this work is sustained moving forward.

We are approaching this moment with intention, listening, aligning, and making the decisions necessary to ensure our team is positioned to continue delivering high-quality, community-centered work.

This is also a moment to deepen partnerships. If you are a funder, partner, or organization aligned with improving health outcomes and strengthening community-based care, we would welcome the opportunity to connect.

The work continues. The approach evolves. The commitment remains.

If you're open to connecting or exploring alignment, I would welcome the conversation.

About Healthier Texas

Healthier Texas is a statewide nonprofit committed to reducing preventable diseases and improving the health and well-being of Texans. The organization fosters healthier communities through **innovative programs, strategic partnerships, and advocacy** aimed at overcoming the challenges that impact health and well-being.
